Dear Prospective Sponsor:

The American Miniature Horse has won the hearts of millions of people all over the world! These friendly, adorable small horses are appealing to all ages and fit into almost any lifestyle.

Miniature Horses can often be found visiting hospitals, schools, in parades, or convalescent homes, bringing joy and entertainment to the elderly or ill and delighting children everywhere with their addictive charm. Members of the Evergreen Miniature Horse Club are devoted to their horses, working hard to share the love and companionship offered by these unique little equine. Many families share in showing and caring for these horses, nurturing family relationships and teaching great work ethics to those youth that partake.

Throughout the year, our club likes to put together Miniature Horse functions, including a horse show, and educational demonstrations to members and the public. We'd love to be able to add more teaching clinics and even an additional show within the year, as our budget allows. Our show offers classes for the young, and young at heart and all skill levels including mentally and/or physically challenged, with our 'Cool' classes. Exhibitors and spectators enjoy the many different things Miniature Horses can do, including but limited to: trail, obstacle, jumping, halter, costume, driving, and much more. Miniature Horse shows include fun activities for the entire family!
